

# How To Create A Bubble Bin

## Materials/Equipment needed:

- Bin that holds water
- Dish Soap or Baby Shampoo
- Food Coloring -or- fruit juices to add natural color (you can also use one of the alternatives provided on the sheet that is attached.
- Whisks
- Fun Cups -or- Silicone Cupcake liners
- Glitter (Optional) -or- Sprinkles (optional)

## Instructions:

1. Start by filling your bin with warm water.
2. Add in the soap and mix around to get a nice bubble layer.
3. Add in the food color or fruit juices and mix with whisks.
4. Keep mixing until the bubbles froth.
5. Add in the glitter -or- sprinkles. Mix again.
6. Now you can use the cups to practice pouring.
